

End-of-Life Notification

20/10/2014

As part of our on-going product lifecycle management process, we have identified the following products that will be transitioned to an "End-of-Life" status. This decision was based on our review of historical unit shipment volume, product revenue performance and component availability. Products targeted for End-of-Life will still be available for purchase until no remaining stock is present. Products within their warranty period will still be repaired or replaced but all out of warranty items returned will be deemed as beyond economic repair and an inspection charge applied.

Please check the warranty status on any products through the RMA system before returning.

The products identified for this End-of-life notification are:

- Breakoutbox
- BreakOutBox16-100
- BreakOutBox16-400
- BreakOutBox16
- BreakOutBox32
- BreakOutBox7016
- BreakOutBox7032

If you have any questions concerning this End-of-Life notification, please contact our sales team.

Regards,

Duncan Cooke
Commercial Director
